

## About Extended Campus Cyber

**Extended Campus Cyber** is a K-12 virtual learning environment that allows students the opportunity to stay on track with their home district while they pursue their goals, explore a variety of unique elective courses, and graduate ready for a career or college.

**Extended Campus Cyber** is a program offered by the Appalachia Intermediate Unit 8 (IU8) in partnership with the Central Pennsylvania Digital Learning Foundations (CPDLF). CPDLF is a virtual learning school with over 18 years of personalized and customized learning experience. PA certified instructors and caring Learning Guides provide a supportive and trustworthy learning experience for all students across the state of PA.

The priority at CPDLF is the connection between learners, their parents or guardians, their Learning Guides, and instructors as well as the school district. Everyone works as a team.

### Why Extended Campus?

- you need an alternative schedule
- you want a focused learning environment
- you want individual attention
- you want more for your child

≡ *Keep the Learning Going Virtually*

<https://www.myextendedcampus.com/>

*"We both work full time, but we are still able to help our children and know exactly what they are learning and what their grades are."*

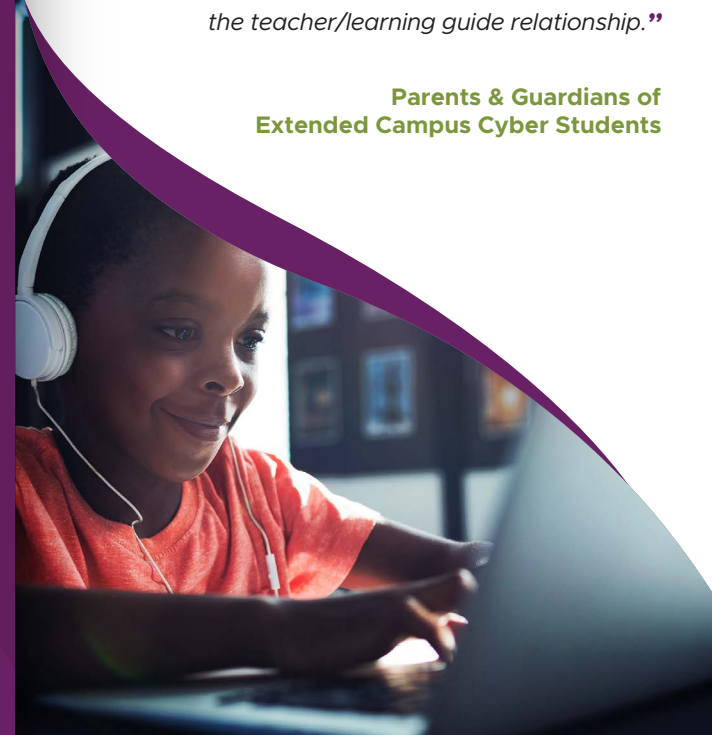

## Extended Campus

**Extend K12 learning opportunities from in person to virtual for career-ready and college-bound students.**

*"Our family is very active and Extended Campus is set up in a way that allows us to be more active. Teachers are always there to help, even at night with live tutoring."*

*"I have regular communication with the teachers. This allows me to assist my children with their lessons. I feel that they are getting a better education due to the teacher/learning guide relationship."*

**Parents & Guardians of  
Extended Campus Cyber Students**

≡ *Keep the Learning Going Virtually*

*"This makes it easier for me to be involved in activities outside of school; I can go do things during the day and complete my schooling later if need be."* – An Extended Campus Cyber Student

## How Extended Campus Cyber Works

We are learner-focused instead of curriculum-focused, which means that we adapt to fit your child's needs with a unique schedule while staying on-track with your child's home district.

In addition to instructors, each child has his or her own Learning Guide. Think of it like a guidance counselor – except on a 1:1 ratio. The Learning Guide serves as the connector between you, your child, the instructors, and the goals your learner hopes to achieve. The Learning Guide also spends time developing and strengthening your child's "Habits of Success" and guiding his or her self-directed learning behaviors – skills that will last a lifetime.

All Learners will have the skills, habits and knowledge necessary to be successful in the future.

## Benefits of Extended Campus Cyber

- Students stay with their home district
- 24/7 access to our platform
- Each student is assigned an individual learning guide for mentorship
- Students can advance at their own pace

## Are you looking for something different?

**Extended Campus Cyber** students have the option to explore electives like Marine Science, foreign languages like Arabic, Chinese, German, and more, or join our combined Arts & Academics program and choose from the dance or theatre track. This program also allows students to earn hours of pre-professional training through our partnership with Fusia Dance Center.
